Connecticut and New Jersey Big Republican Vote.

EVEN MISSOURI IS CLOSE

Republican Gains in Congress Indicated Everywhere.

This edition of THE SUN goes to press at 1 A. M. and the news it contains is that received up to that hour.

So far as the election of President is concerned, it is only a matter of the size of the pluralities. Mr. Roosevelt has a vote apparently much larger than that given to William McKinley four years ago. His pluralities in almost every Republican State exceed those of Mr. McKinley, not by hundreds, but by thousands. In New York State, for instance, he has a plurality of more than 152,000. Mr. McKinley had 163,851. In Connecticut and New Jersey, which the Democrate were calling doubtful States only yesterday, Mr. Roosevelt s pluralities greatly exceed anything ever given. The so-called doubtful States of West Virginia and Indiana and Montana give

The States of Marvland and Misso uri. which were conceded to Parker by both parties are found in the Republican column. The returns from Congress distrints indicate further gains. The Republicans will have a larger majority in the next and Fourth Congress districts appear Congress than they have in the present one In New York State Mr. Higgins is elected Governor by what looks to be a large majority, although he was cut thousands and thousands of votes. The overwhelming will elect a successor to Senator Fairban vet for Mr Rooseveltearriedhim through.

The vote in Greater New York was a disappointment to the Democrats, not coming anywhere near to that given for Coler two years ago. The New York Legislature continues

to be Republican by a large majority, insuring the election of a United States Senator to succeed Senator Chauncey M.

Massachusetts gives Roosevelt about 70,000 plurality. Douglas, the Democratic candidate for Governor, is elected by from 12,000 to 25,000 plurality. The Democrats elect three and perhaps four Congressmen. Rockwood Hoar, Republican, is elected in the Third district, which is now represented by Thayer, Democrat.

Returns from Rhode Island Indicate that Roosevelt has carried the State and that Gov. Garvin (Dem.) has been defeated, McKinley's plurality in the State in 1900 Was 13,972.

New Hampshire's plurality for Roosevelt will equal, if not exceed, the 19,310 given for McKinley four years ago.

In Connecticut Roosevelt's plurality is about 30,000, against 28,558 for McKinley four years ago. The Republicans elect the five Congressmen and the entire State ticket and will have an overwhelming majority in the Legislature, which elects a United States Senator to succeed Gen. Hawley.

Maine gives Roosevelt 30,000 or 35,000. It gave McKinley a plurality of 28,590 in

Roosevelt's plurality in Vermont will exceed that given for McKinley four years ago, which was 29,719. New Jersey goes Republican by

creased plurality over that of 1900. Delaware's Republican plurality is 7,000. The Legislature is overwhelmingly Republican and the indications are that J. Edward Addicks has enough votes to elect

himself United States Senator. Maryland is in the Republican column by a small plurality.

Parker carried the old solid South, as was expected, but the Republicans made notable gains over four years ago, especially in Virginia and Tennessee. The Democrate made gains in Texas.

Gov. La Folette has been reelected in Wisconsin by an estimated plurality of 20,000. Roosevelt's plurality will probably

Michigan rolled up a plurality for Roosevelt of about 125,000, a gain of 20,000 over McKinley's plurality in 1900.

Roosevelt carried Illinois by 140,000, an unprecedented plurality. Debs received about 40,000 votes in Chicago for President . In Missouri, which Bryan carried by 37,830 plurality over McKinley, Roosevelt

is triumphant. His plurality will probably

be 20,000. Folk carried the Democratic

State ticket to victory. Iowa gives Roosevelt the immense plural-

ity of 150,000 to 175,000. In Washington State Roosevelt's plurality is estimated at from 30,000 to 40,000. McKinley got only 12,623 in 1900.

Democrats concede Kansas to Roosevelt by 50,000 and the Republicans claim a plurality of 100,000.

North and South Dakota give Roosevelt pluralities of 15,000 to 16,000. The indications in Montana are that

Roosevelt has carried the State. Bryan carried it four years ago by 11.773. Utah gives Roosevelt a plurality of several

Nebraska is in line with about 50,000 for Roosevelt. Roosevelt vote in Wyoming shows a

gain over McKinley's plurality. In Oregon there was a small vote, but the

State is safely Republican. Colorado's vote was close, but late returns give the State to Roosevelt and reelect Gov. Peabody.

Minnesota voted strongly for Roosevelt, and the plurality may reach 90,000. The result on the State ticket was in doubt at

California gives Roosevelt fully 50,000, better than she gave McKinley four years

Returns are late in Idaho, but Roosevelt has apparently carried the State. Nevada's returns indicate Republican success there.

Indiana responded to Senator Fairbank's efforts by rolling up a plurality of 35,000, which is 15,000 more than McKinley received four years ago.

35,000 IN INDIANA.

Fairbanks's State Shows a Greatly Increased Plurality Over 1900.

INDIANAPOLIS, Nov. 8.-Returns from 54 out of the 92 counties in Indiana show that the Republicans have carried the State by a plurality greatly in excess of that 1900, when President McKinley receiv 28,000 and there is little doubt that the figu when finally received will show a phyral of between 35,000 and 40,000. When Mr. Cleveland reached the polls the place was crowded with undergraduates, most of whom were casting their first Presidential vote.

Mr. Cleveland paused to be instructed the use of the voting machine. He was in the polling booth considerably under a minute, and as it takes time to vote a split ticket by machine it was generally believed that Mr. Cleveland's ticket was

BRYAN WORKS AT THE POLLS. Wanted to Make a Good Showing for

Parker in His District. LINCOLN, Neb., Nov. 8 .- W. J. Bryan cast a straight Democratic vote at his home precinct to-day. Under the Nebraska ballot law, a cross in the Democratic circle votes for all the candidates, and it required less than a minute for Mr. Bryan to mark

his ballot.

Mr. Bryan departed from his former custom, and stayed about the polls most of the time. When any friend or Democrat appeared, Mr. Bryan took him aside and asked him to vote for Parker. For the past two or three days he has been urging his friends in the precinct to do that as he is desirous of making a good showing in his home precinct. With Populists and Democrats combined, the precinct is almost a tie with the Republicans.

MISSOURI REDEEMED. Roosevelt Carries the State by About

20,000-Folk Elected Governor. Sr. Louis, Mo., Nov. 8.-Ideal weather brought out the largest vote in the history of the State. Scratching was pretty general, so much so that full returns will be

Advices received at Republican headquarters in this city warrant the belief that Roosevelt has carried the State by probably 20,000, and Missouri stands re-

It is generally conceded that Folk, Democrat, will be elected Governor, but by a smaller vote than was polled by Dockery. Cook, for Secretary of State, and Allen, for Auditor, were scratched, so it is probable both are defeated.

The lower house of the Legislature is believed to be Republican by a good majority, but the Senate, with the thirteen holdovers, will remain Democratic.

The headquarters of the Republican State committee is wide open and every one is jubilant over the result. The Republicans have gained three Congressmen, and possibly five.

Chairman Niedringhaus of the Republican State committee at 9:30 to-night gave out the following statement:

"We have carried this State for Roosevelt by not less than 20,000. The Legislature is safely Republican on a joint ballot, insuring the election of a United States Senator to succeed Cockrell. We have elected Congressmen in the Tenth, Eleventh, Twelfth and Fifteenth districts (Richard Bartholdt, Henry S. Caulfield, Harry M. Coudray and C. M. Shartel), and have good prospects of carrying two other districts. I believe that the State ticket has been elected, but feel absolutely certain that the electoral vote will go to Roosevelt. We have carried the city of St. Louis by not less than 10,000, probably more."

When Congressman Vandiver was seen at Democratic headquarters and asked for a statement he wrote out the following, more significant for what it does not say than for what it does: "Republican headquarters concede Folk's election. Our reports indicate his majority will reach

MARYLAND REPUBLICAN.

Boosevelt Carries the State by a Small Piurality-Mudd Probably Elected.

BALTIMORE, Md., Nov. 8 .- The Republican landslide was felt in Baltimore and the State of Maryland, and the midnight returns indicate that although the State is very close, it will go Republican by a small plurality. Returns from the city so far show that 276 precincts out of 328 give Parker 41,423, Roosevelt 37,448, a decided Democratic falling off. Beltimore county gives 2,000 for the Democrats while Dorchester and the Eastern Shore go Republican by 600.

The greatest surprise was the defeat of Leo Meyer (Dem.) in the Third Congress district by Congressman Frank C. Wachter, who after the hottest fight in the history of a local Congress contest won out by about 1.800. Wachter fought the United Democracy in the district and also enemies in his own ranks.

John Gill, Jr., (Dem.) carried the Fourth, "Silk Stocking," district for Congress by a large majority, defeating William H. Smith (Rep.). Fred C. Talbott defeated Robert Garrett in the Second district with ease, while George A. Pearre (Rep.) goes back to Congress from the Sixth district. It is a battle royal in the Fifth, "Black Belt," district between Sydney Mudd and R. S. Hill (Dem.), with the former well up in the winning. It may take a recount, bu Mudd has probably won.

GREATEST OF PLURALITIES!

Pennsylvania Gives Roosevelt the Astonial ing Lead of 350,000 Over Parker.

PHILADELPHIA, Nov. 8 .- The Republican State committee claims at 10 o'clock tonight that Pennsylvania will give Roosevelt 350,000 majority. This plurality breaks all records, that for McKinley in 1896 being the old record at 301,175. Philadelphia itself polled one of the heaviest votes in history, the plurality touching 140,000.

There were thirty-two Congressmen to be elected. Of these, returns show twentynine Republicans are positively elected two are doubtful and one Democratic In the Thirteenth district M. C. L. Kline, Democrat, was returned. The Twentieth and Tenth districts are the doubtful ones, but the Republicans apparently have better reason for claiming them than the Democrats.

LA FOLLETTE REELECTED.

His Plurality Estimated at 20,000 With

15,000 for Roosevelt. MILWAUKER, Wis., Nov. 8 .- The estimates of Roosevelt's plurality in Wisconsin at 11 o'clock range from 50,000 to 75,000. with the latter figures probably the nearer correct. Gov. La Follette has been reclected by a plurality estimated at 20,000.

NEBRASKA BY 50,000. Boosevelt Makes Another Big Gain in

That State. OMAHA, Neb., Nov. 8 .- Good weather brought out a large vote to-day. Roosevelt has carried the State by probably 50,000 McKinley's plurality in 1900 was 8,322. A closer fight was made on the State

ticket. The fusionist candidate was Berge

and the Republican Mickey.

The Big Plurality for Roosevelt Pulls Him Through.

CUT UNMERCIFULLY ALL OVER

Runs Thousands on Thousands Behind the President.

Theodore Roosevelt carries the State of New York by a plurality much larger than that given for William McKinley four years ago. In almost every county his gains over that plurality are very great. It was an overwhelming administration victory.

The election for Governor in the State of New York has resulted in the choice of the Republican candidate, Frank Wayland Higgins. In almost every part of the State he runs hundreds and thousands of votes behind Theodore Roosevelt, the candidate for President, vet Mr. Roosevelt's vote was so overwhelmingly large as to carry Mr. Higgins with him to election. In many small counties Mr. Higgins runs more than a thousand votes behind Mr. Roosevelt, and in the larger cities this falling off in Mr. Higgins's vote amounts to several thousands. In New York city and in Brooklyn he runs about 30,000 behind his ticket.

The Republicans will have a slightly increased majority in the Legislature, thus insuring the election of a Republican in place of the Hon. Chauncey M. Depew.

Esopus, Nov. 8 .- Judge Parker gave

ROSEMOUNT, NOV 8, 8:30 P. M. The President, Washington, D. C .: The people by their votes have emphatically approved your Administration, and I congratulate you. ALTON B. PARKER.

The President replied as follows: Alton B. Parker: WASHINGTON, Nov. 8. I thank you for your congratulations.

THEODORE ROOSEVELT. The Judge took his medicine like a scholar and a gentleman. Surrounded by his family and a few neighbors, he sat in the library of Rosemount and heard the disconnected story of his doom as it came from the telegraph office.

Those with him were Mrs. Parker, Fred H. Parker, the Rev. C. M. Hall and Mrs. Hall, Miss Schoonmaker, A. S. Newcomb, Mr. and Mrs. Emil Freers and Mr. and Mrs.

Ellis B. Long. Judge Parker did not even carry the Esopus district in which he lives. It is true that he cut down the normal Republican majority of 46 to 14, but it had been hoped that the village was loyal enough to its chief citizen to make it something like unanimous. Esopus had been decorated with posters advising the villagers to vote for "Our Friend and Neighbor" and for "Township Prosperity," but it did not work.

Nineteen Democratic voters split in Roosevelt's favor, and twenty-nine Republicans voted for Parker.

Judge Parker returned from Kingston, where he voted, at about 4 o'clock. Returns began to come in before dinner, and in less than half an hour the candidate tinued to read the bulletins to his household, and his usual good temper was not in the least disturbed.

7,000 IN DELAWARE.

Roosevelt's Great Victory Probably Means

DOVER, Del., Nov. 8 .- The Republicans have carried both Kent and Sussex counties by unprecedented pluralities and have not only elected the State ticket and Roosevelt by 7,000 plurality, but will have 40 Republican Assemblymen of the 52 on joint ballot.

Senator Kenny and Candidate Pennewill, Democratic leaders, gave up the fight, early, saying that they were overwhelmed by money. The Republican majority in Kent county may reach 1,000 and includes even the shoestring Democratic district. J. Edward Addicks is still a candidate for Senator and has probably enough votes in Kent and Sussex counties to elect him.

J. Edward Addicks got a great ovation when he appeared in the hall of the Republican League at Dover to receive the election returns with Senstor Allee. Preston Lea, Rep., for Governor carried Candidate Pennewill's own district. normally Democratic district, by 74. Only two legislative districts in Kent are claimed to-night by the Democrats, the Sixth and the Eighth, and these are still very doubtful. Early Indications That Receivedt Has Carried the State.

HELENA, Mon., Nov. 8 .- The indications are that Roosevelt has carried the State. Fine weather prevailed, which meant the polling of a full Republican vote, which is larger in the agricultural sections than in the cities.

J. K. Toole, Democrat, may be defeated by William Lindsay, Republican, for Gov-

Congressman Dixon is reelected.

Election returns are very slow because of a new law which requires a cross before each man voted for thus eliminating straight tickets. So far as the counting of the vote
